

**2024 Daystall Rules Review: Summary of Proposals**  
**Packet: 1/24/2024**

Proposal #	Author	Representing	Pertaining to	Proposal
1	Vickie Rafael	Craftspeople	Craftspeople	Current rule page numbers 11-13. Rules common to Daystall tenants. Roman numeral 1, section E, permit holders attendance, subsection 3). States we must work 2 weekdays to work Saturdays and specifically mentions Monday- Friday. No mention of Sunday as a possibility. I am proposing we include Sunday as one of the days necessary to work Saturday.
2	Gina Karaba	Craftspeople	Craftspeople	6 ft map - Marketmaster should determine to use 6 ft map whenever severe weather is expected, possibly even implemented as a winter map, Jan thru February (or March, or more?).
3	Gina Karaba	Craftspeople	Craftspeople	Add-ons should be processed like they used to be during the week, with no penalty or red-lining them to the end of the list.
4	Gina Karaba	Craftspeople	Craftspeople	Table reassignment. Vendors should be able to say "calling" if they want to wait for a different spot to open up before calling for a space.
5	Gina Karaba	Craftspeople	Craftspeople	Vendors should only be guaranteed one extra spot buffer zone on each side of their table choice until after table reassignment is over, and those extra spots should be made available during reassignment. After reassignment, they will be allowed to fill any empty spots still available. Not 5 extra spaces that no one is allowed to fill. This is another perk of doing a Zoom roll call.
6	Gina Karaba	Craftspeople	Craftspeople	Vendors who move during table reassignment should inform their previous neighbors that the table has become empty
7	Gina Karaba	Craftspeople	Craftspeople	Please include the number of tables available along with the number of vendors signed up at Zoom roll call.
8	Rachel Strodbeck	Craftspeople	Craftspeople	I Propose that the Daystall Rule Change Proposal Process Starts in January after the Holidays and not in December.
9	Deanna Lunder	Craftspeople	Craftspeople	During Morning Reassignment there should be an option to be on "PAUSE". Example: if #5 does not desire an already canceled table, but does want the table that #16 moved from, then #5 could be on PAUSE and request the table that #16 VACATED. This gives the lower number a chance to move to a spot that has been vacated by a higher number. However, this PAUSE is only allowed once during Morning Reassignments. Of course, this would only be in effect if the business has signed up for morning reassignment
10	Rachel Strodbeck	Craftspeople	Craftspeople	I propose that all business owners and PDA get to vote whether or not a new rule gets passed.
11	Rachel Strodbeck	Craftspeople	Craftspeople	I propose that for regular high demand days that the Candy Cane map be changed to 6ft and 8ft spaces only and get rid of 4ft table stalls.
12	Rachel Powell	Craftspeople	Craftspeople	III. SPECIFIC REQUIREMENTS FOR ARTISTS AND CRAFTSPEOPLE F. Table Assignment Procedures for Arts and Crafts 3. Off-Season Crafts List a. Off- Season permit holders must sell 16 days during each off-season plus an additional 16 (CHANGE TO: 8 days) that can be worked at any time of the year, for an annual minimum total of 32 days (CHANGE TO 24 days), in order to remain on the list. New off-season craftspeople screened in prior to an off-season may work in the market in advance of the off-season if space allows. ... Vendors on the Off Season List who have sold in the Daystalls for 20 year or more will be exempt from having to do any of their total 32 days (CHANGE TO 24 days) specifically in the Off Season.

Proposal #	Author	Representing	Pertaining to	Proposal
13	Xee Yang-Schell	Farmers	Farmers	Regarding Handcrafted Farm Products Daystall Rules & Regulations, Section II.B and II.C, Pages 23-25 Currently, the rule states "Hand-crafted farm products may not be sold during the growing season. Growing Season (April 1 - October 31)." I am proposing that hand-crafted farm products be allowed on farm tables during the growing season as long as they take up no more than 25% of the table space.
14	Xee Yang-Schell	Farmers	Farmers	Current rule is on page 24 Section II B.3.b.5 The current rule lists permitted product of: "Literature written by the farmer relating directly to PERMITTED products sold by that farmer." I am proposing that wording be added to the rule which state that permitted literature written by the farmer can include literature about the farmer and the farm itself.
15	Rachel Powell	Craftspeople	Farmers	II. SPECIFIC REQUIREMENTS FOR FARMERS A. Permit Holder Qualifications 1. Application Requirements and Procedures d) The Marketmaster, Farm Program Manager, or a designee will perform a farm inspection to determine if the farmer is involved with production of permitted farm products as listed on the permit application. A new farmer will not be allowed to sell in the Market until an inspection has been completed. Under special circumstances a conditional permit may be issued at the discretion of the Marketmaster. ADD SENTENCE: Permits issued under special circumstances will not be renewed without a performance of a farm inspection. AND/OR j) A farmer may renew their permit by filing a new application with the PDA. A farm inspection may be required for permit renewal (ADD TO SENTENCE), and is required for permit renewal of permits issued under special circumstances. * This is amended from my original similar submission.
16	William Razey	Farmers	Farmers	In furtherance of farm profitability farmers will be encouraged to produce and sell processed products especially if there is proven high demand for this product at the market and if it fits logically into the farmers crops. farmers shall be given extra consideration if they have listed this product on their applications in the past. other vendors who are successfully selling this product should not be considered a reason not to approve the sales of a product, but an opportunity for creativity and competition. As a last resort the market master shall maintain a list with seniority being an important consideration.
17	Shari Druckman-Roberts	Craftspeople	General	The use of the word 'Master' should be removed from the Market Daystall nomenclature. Alternative Suggestions: <ul style="list-style-type: none"> <li>• Market Director</li> <li>• Market Manager</li> <li>• Daystall Staff</li> </ul>
18	Jack Strubbe	Craftspeople Agent	General	I propose eliminating bicycle parking on the bridge and behind the tables. There are bicycle parks distributed around the market. Similarly, keeping a clear 25-inch path (or immediate ability to create one) available should be maintained. While these are less than either current fire and handicapped codes would require in new construction, it doesn't seem unreasonable to accommodate this throughout the historic areas. Ironically, the original design for the bridge accommodated three entries to the center (a third would have been in the west-facing window wall) creating ability to paint a tee-shaped access strip that would have been intended to be kept clear of carts and such. My former housemate on Vashon, Dewayne Hoyt, was head of maintenance and construction at the time, and his last project before retiring was building the addition of the bridge, but the PDA altered his design proposal into the space we now live with. We had the blueprint on his living room wall, as he was very proud of it.

Proposal #	Author	Representing	Pertaining to	Proposal
19	Staff	PDA	<b>Craftspeople</b>	Add additional holidays to the list of recognized holidays that constitute one-day attendance weeks for the Daystall Community to mirror the holidays recognized by the PDA. This addition would include: Martin Luther King Jr. Day, President's Day, Juneteenth, and Veteran's Day.
20	Staff	PDA	<b>General</b>	In regards to the "Administrative Guidelines Regarding Enforcement of Rules," the term "working days" should be replaced with "business days" and clearly defined as "Monday-Friday."
21	Staff	PDA	<b>General</b>	In regards to the current "Non-Interference Clause" within the Rules, specify that interfering with parking block-offs, cones, and/or other signage is included in "Market operations" that are not to be interfered with.
22	Staff	PDA	<b>Craftspeople</b>	Add the phrase "generic and ubiquitous" to the requirements for Found, Recycled and Pre-Existing objects as elements of products, including purchased components and base substrates.
23	Staff	PDA	<b>General</b>	Increase rental rates for Day Tables between 3% and 3.6% rounding to the nearest quarter. (increase of \$0.25 to \$1.50)
24	Staff	PDA	<b>General</b>	Update language to include new Commercial Cafe payment options available to permit holders.
25	Staff	PDA	<b>General</b>	Increase the permit fees by \$5.00. Note: Permit Fees have not been increased since 2003 (busker/craft) and 2006 (farm).
26	Staff	PDA	<b>Performers</b>	New single day pass fee of \$10 for out of town buskers.
